

# WORLD RECORD GIANT PUMPKINS in Times Square, New York City 10/29

# GPC

October 19<sup>th</sup> 2007 for immediate release.

The worlds largest and only 1,600 pound plus pumpkins will be in Times Square on October 29, 2007 for the Good Morning America show(ABC). The actual weights of the monsters are 1,689#'s (world record) 1,662#'s, and 1,631#'s. This event has been put together by the Great Pumpkin Commonwealth (GPC).

The pumpkins are under no obligation as of 9:01am 10/29/2007 and will then go to the highest bidder of this charitable auction. The GPC can provide carvers for theses monsters and assure media coverage if needed. The GPC can deliver and place the pumpkins in the Manhattan area for the winning bid price. The GPC is a 501-3-c charitable and will provide the winning bidder with appropriate paper work. The proceeds will be dispersed to provide seminars, grower recognition, Orange Angels foundation (coats for kids), web site improvement, and to offset incurred costs to provide the event for the winner. This is a once in a life time chance for a business to take part in the biggest carve off or just to have the 3 biggest pumpkins in the world to display for your mega Halloween event. The pumpkins can be purchased separately or as a whole.

The GPC reserves the right to extract the seeds upon final placement of the giants and will assure the buyer that it will in no way compromise the integrity of the pumpkin for display.
